

Macedonia Ranked Tier One in TIP Report

Macedonia was again ranked Tier One in the Trafficking in Persons report, making it a regional leader in the Balkans. On June 20, Chargé d’Affaires Aggeler met with Minister of Interior Jankuloska who noted that focusing on last year’s recommendations was an efficient way to address issues. Jankuloska, the Minister of Labor and Social Policy Ristovski, and National Rapporteur on Trafficking Todorovski reinforced the Macedonian government’s commitment to address remaining areas for improvement.
